A Touchstone Energy® Cooperative

How extreme winter weather impacts reliability

WHEN OUTDOOR

temperatures drop, our electricity use increases.

That's because our heating systems run longer and more often to counteract colder temperatures. And since we all tend to use electricity at the same times—in the morning and early evenings—there is a lot of strain on the electric grid.

At Fairfield Electric Cooperative, we work closely with our local generation and transmission cooperative Central Electric Power Cooperative (Central) in resource and infrastructure planning to ensure you have the power you need. But the electric grid is much larger than Fairfield Electric and Central.

In winter months, when even more electricity is being used simultaneously across the country, it is possible for electricity demand to exceed supply, especially if an event such as a sudden snow or ice storm occurs. If this happens, the grid operator for our region may call for rolling power outages to relieve pressure on the grid. This is rare, but we saw it happen to other electric utilities in our area in December 2022.

Fairfield Electric and Central take steps to ensure electric reliability in extreme weather, including regular system maintenance, grid modernization efforts and disaster response planning. But it takes everyone to keep the grid reliable.

To help keep the heat on for you, your family and neighbors, here are a few things you can do to reduce your energy use and save a little money on your bill:

- ▶ Select the lowest comfortable thermostat setting and turn it down several degrees whenever possible. Your heating system must run longer to make up the difference between the thermostat temp and the outdoor temp.

- ▶ Seal air leaks around windows and exterior doors with caulk and weatherstripping. Air leaks and drafts force your heating system to work harder than necessary.
- ▶ Stagger your use of major appliances such as dishwashers, ovens and dryers.
- ▶ Start the dishwasher before you go to bed and use smaller countertop appliances like slow cookers and air fryers to save energy.
- ▶ Ensure that your heating system is optimized for efficiency with regular maintenance and proper insulation.
- ▶ Make sure your furnace filter isn't clogged and dirty. Replace it as needed.
- ▶ Setting your water heater thermostat to 120 degrees can help you save energy and reduce mineral buildup and corrosion in your water heater and pipes.

As we face the challenges posed by winter weather, understanding its impact on energy demand is crucial for maintaining a reliable power supply. By adopting energy conservation practices during periods of extreme cold, not only can you save money on your electric bills, but you can also contribute to the resilience of the power grid, keeping our local community warm and connected.

BRUCE G. BACON

Chief Executive Officer

FAIRFIELD EXTRA

Do we owe you?

Check our unclaimed Capital Credits list on pages 12A–12D.

Apply now for scholarships

THE DEADLINE for high school seniors to apply for the Fairfield Electric Cooperative Touchstone Energy Scholarship is almost here. To be eligible, the student's primary residence must receive electricity

from Fairfield Electric. Eight \$1,000 Touchstone Energy Scholarships will be awarded to students who are active in their communities. Special consideration is given to financial need, extracurricular activities,

community involvement, letters of recommendation and the student's personal achievements. Go to fairfield.coop/scholarships to apply. The deadline for applications is March 8.

Save the date: Annual Meeting May 17

THE 85TH ANNUAL Meeting of Members will be held May 13-17. There will be several days of early drive-thru registration and voting prior to the business meeting portion. The business meeting will be broadcast on the cooperative's website on May 17 at 6 p.m.

Registration is designed so members never leave their vehicle. Members will register, cast their ballot for trustee elections and receive a registration gift. All members who register will be entered in the door prize drawings which will be held at the conclusion of the business meeting.

Look for additional details in future issues of *South Carolina Living* and in the Official Annual Meeting Notice.

The power of Operation Round Up

IT STARTED AS a simple idea 30 years ago at one co-op in South Carolina—just round up the co-op member's electric bill to the next dollar, and then use it to do good work in your community. Today, hundreds of electric co-ops throughout the country, including Fairfield Electric Cooperative, use this idea to help members and organizations close to home.

The average co-op member donates \$6 with a maximum possible contribution of \$11.88 per year. This may not seem like a large amount, but when combined with the more than 17,000 members who participate in Operation Round Up, it adds up to make a significant impact.

Since our program began in 1993, more than \$2.6 million has been distributed throughout our communities. The dollars go to a wide range of activities. This can include helping a family in need after a house fire, assisting a local food pantry, providing funds so the local fire department can get a needed piece of equipment, or dozens of humanitarian efforts that bring electric co-ops even closer to the communities we serve.

Fairfield Electric Cooperative is pleased to offer Operation Round Up. We welcome your participation and thank all participating members!

Fairfield Electric Trust 2023 report

THE VOLUNTEER Fairfield Electric Trust board administers member donations to Operation Round Up. Here is information about grants made last year thanks to member support.

GRANTS AMOUNT

▶ Organizations (15)	\$128,500
▶ Individuals (14)	\$19,900
▶ TOTAL	\$148,400

Organizations assisted included:

- ▶ Fairfield County Sheriff's Office
- ▶ Salkehatchie-Fairfield
- ▶ Good Samaritan House of Fairfield County
- ▶ 422 (Four West Wateree)
- ▶ GRASP—Great Falls Referral Assistance Program
- ▶ Bridge Builders Christian Ministries (Nazarene)
- ▶ Blessing Box
- ▶ American Red Cross
- ▶ Town of Great Falls Fire Department
- ▶ Rossville Fire Department
- ▶ Christian Assistance Bridge
- ▶ Christian Community Ministries
- ▶ Elgin Benevolence Fund

Unclaimed Capital Credits

FAIRFIELD ELECTRIC COOPERATIVE has unclaimed capital credits for the following persons.

If your name appears on the list below, please contact the cooperative. If you recognize a name and know where that person is, please have them contact us.

In order to claim the capital credits, the individual will need to provide identification and proof they are the member who owned the account with the unclaimed capital credits. In order

to claim the capital credits for a deceased person, the cooperative will need a copy of his or her death certificate and a copy of the certificate of appointment from the judge of probate.

In order to claim funds, please contact Fairfield Electric Cooperative by e-mail at capitalcredits@fairfield.coop or by calling the cooperative's office between 8 a.m. and 5 p.m. weekdays at (800) 628-0336. Please reference your call as concerning unclaimed capital credits.
