A Touchstone Energy® Cooperative

Let's connect

WHEN WE SAY that we live in a “connected” world, most of us think about technology, like our smart phones and other devices and gadgets. But when you’re a member of an electric co-op—that’s you—there’s so much more to being part of our connected co-op community.

As a member of Fairfield Electric Cooperative, you help to power good in our local community through initiatives such as Operation Round Up. The money contributed truly makes a difference and helps the most vulnerable in our community.

We depend on you because you power our success, and when Fairfield Electric does well, the community thrives because we’re all connected.

We greatly value our connection to you, the members we serve. And we’d like to help you maximize the value you can get from Fairfield Electric through a variety of programs, products and services that we offer our members. For example, when you download our mobile app, or go to MyEnergy Online on our website, you can monitor and manage your home energy use and pay your bill online.

When you follow Fairfield Electric on social media, you can stay up to date on what’s going on at your cooperative. You’ll see photos of our line crews in action and our employees helping with community service projects—and who doesn’t enjoy seeing good things happening in our community?

Fairfield Electric relies on data for nearly every aspect of our operations, and up-to-date contact information from our members helps ensure that we can provide the highest level of service that you expect and deserve.

Updated contact information can even speed up the power restoration process during an outage. That’s because when you call to report an outage, our automated system recognizes your phone number and matches it with your account location. Accurate information helps our outage-management system predict the location and the possible cause of an outage, making it easier for Fairfield Electric crews to correct the problem.

We hope you will connect with us whenever and wherever you can—whether that means attending our annual meeting, providing feedback on a recent visit or call with our employees or simply downloading our app.

Fairfield Electric exists to serve our members, and when we’re better connected to you and our local community, we’re better prepared to answer the call.

To update your contact information, give one of our customer service representatives a call at (800) 628-0336.

The power of Operation Round Up

IT STARTED AS A SIMPLE IDEA 30 years ago at one co-op in South Carolina. Just round up the co-op member's electric bill to the next dollar, and then use it to do good work in the community. Today, hundreds of electric co-ops throughout the country, including Fairfield Electric Cooperative, use this idea to help members and organizations close to home.

The average co-op member donates \$6 with a maximum possible contribution of \$11.88 per year. This may not seem like a large amount, but when combined with the more than 17,000 members who participate in Operation Round Up, it adds up to make a significant impact.

Since our program began in 1993, more than \$2.6 million has been distributed throughout our communities. The dollars go to a wide range of activities. This can include helping

a family in need after a house fire, assisting the local food pantry, providing funds so the local fire department can get a needed piece of equipment or dozens of other humanitarian efforts that bring electric co-ops even closer to the communities we serve.

Fairfield Electric Cooperative is pleased to offer Operation Round Up. We welcome your participation and thank all participating members!

Annual meeting set for May 19

THE COOPERATIVE'S BOARD of trustees has set the Annual Meeting for Friday, May 19. The business meeting will be a virtual meeting live streamed on May 19 at 6 p.m.

There will be several days of early drive-thru registration and voting the week of May 15–19. Registration is designed so members never leave their vehicles. Members will register, cast their ballots for the trustee elections and receive registration gifts. All members who register will be entered in the door prize drawings which will be held at the conclusion of the business meeting. Look for additional details in future issues of *South Carolina Living* and in the Official Annual Meeting Notice.

Capital Credit refunds coming soon

CAPITAL CREDITS ARE A BENEFIT of membership in a member-owned utility. Each year Fairfield Electric uses the revenues that exceed costs as equity. These funds and borrowed capital allow the cooperative to serve a growing number of members while implementing the latest technology to provide the best service possible. Fairfield Electric later returns these revenues to the members who originally paid them

in their electric bills.

This year, the board of trustees has authorized the distribution of capital credits totaling \$2,088,908. Your cooperative will retire the remainder of capital credits for 2007, and 25% of 2021.

The capital credit refunds will be issued in the form of a check or a credit on your electric bill. If your assigned capital credits total is less than \$75, you

will receive your refund as a credit on your bill during late April or early May depending on your billing cycle. For those refunds over \$75, a check will be mailed in early May.

We are very proud that we are able to return capital credits. It is a direct reflection on the financial strength and stability of your cooperative and that's something in which we can all take pride.

Bridge Builders construct ramps for community

Ministry receives support from FEC's Operation Round Up

BY JOSH P. CROTZER

DESPITE THE OCCASIONAL SEARCH for a tape ruler or disagreement about where to cut a board, the group of men measuring, sawing and hammering behind a Ridgeway area home knows exactly what they are doing. After all, they've done this task 115 times before.

These men—a total of 10 on this January morning—are known as Bridge Builders for Christ. They are the hands and feet of a local ministry that constructs ramps for neighbors whose disabilities make entering and exiting their homes an arduous experience. Ramp number 116 is for Joseph and Barbara Simpson, both in their 80s, who have difficulty climbing the few stairs that lead to their back door.

"It sometimes takes 20 minutes for them just to get into the house," says their son, Joseph. "This is going to be a big help."

Bridge Builders began in 2018 as a mission of the First Church of the Nazarene in Winnsboro, but men from other congregations are also active participants. Co-organizer and the unofficial foreman on the job site, David Ferguson, explains that a few churches in the community had similar ministries prior, and they are now working together to help people in Fairfield County.

"We try to do whatever we can for the betterment of others," says Ferguson. "The Bible tells us that whatever the gifts that God gives you, you're supposed to use them."

Lt. Steven McDonald of the Fairfield County Sheriff's Office and fellow officers in his Community Oriented

PHOTOS BY JOSH P. CROTZER

David Ferguson (left), who helped organize the Bridge Builders along with Tommy Wright, saws a board for Lee Hayes.

Police division are frequently among the working crew.

"It's a strong community initiative," says McDonald. "Anytime you can make it so that people can get out of their house and have that little added freedom, that is worth everything."

The men of Bridge Builders donate their time and talents while the material for the ramps is paid for—at least partially—by the clients. If they are unable to do so, however, the projects rely on donations from churches and local businesses like Fairfield Electric. The co-op has been a supporter of Bridge Builders for Christ since their inception and as recently as last year donated \$5,000 through the Operation Round Up program to the ministry.

After just a few hours at the Simpson's home, the men break to enjoy one of the benefits of the job, homemade brownies. With just the posts and railing left to construct, they are satisfied to be on the figurative downhill slope of the build.

"It becomes a pretty smooth operation when you've done it as often as we have," says Ferguson, adding that their ramps are always built to code. "We've really been blessed to be able to do this for as many people as we have."

Helping his parents get in and out of their house will be a lot easier for Joseph Simpson (center), thanks to a new ramp constructed by the Bridge Builders.

Need a ramp?

Ramps by the Bridge Builders are available to citizens of Fairfield County that need them and whose homes allow for proper construction. Applicants must provide a doctor's prescription for the ramp. An online application can be found at wcotn.org/Handi.
